

Warranty and care instructions

Your new finish is warranted for five years at this address. This warranty assures you that your new finish will not crack, peel or yellow. Your warranty does not cover damage caused by chipping, scratching, leaking faucets, use of abrasive cleaners or pads, suction cup type bath mats (a slip resistant bottom is included with our service so a bathmat is not necessary, unless declined by customer) or other man made damage. Additionally we cannot warranty rust appearing on the surface caused by worn drains or damage on the under side. There may be a slight degree of roughness after refinishing. Cleaning the surface 1-3 times and regular use will eliminate it. This warranty is non-transferable.

CAULKING IS NOT COVERED UNDER THIS WARRANTY.

The Products used by ReSurface Pros are the finest available in the resurfacing industry. With normal use and proper care, you can be assured of a beautiful high gloss finish for many years. Simply follow these recommended care requirements.

Your new finish should be cleaned regularly with a cleaner such as ***Dow Bathroom Cleaner, Lysol Bathroom Cleaner, Scrubfree or other liquid or foam non abrasive bathroom cleaners.*** Do not use abrasive pastes or powders such as ***Ajax , Comet or Soft Scrub.*** Do not use daily “spray and leave “cleaners such as ***Clean Shower*** or any cleaner that specifically recommends to not use on a refinished surface. A few times a year after cleaning, ***Gel Gloss*** (available at home centers in the kitchen and bath dept.) can be used as a protectant and to add gloss. In your hand, use only a rag or a soft sponge. Do not use scrubby pads or the scrubby side of a sponge. After each use make sure that faucets are completely turned off and not leaking, and bath mats, if used, are removed. Do not leave soap, bottles, spray cans, wet towels or bath mats on the surface. We recommend the use of a shower caddy basket that hangs from the shower nozzle to hold all of these items.

If you need to use your warranty during the first year there will be no service charge. After the first year a service charge may apply.

In the rare event of any failure covered under this warranty. ReSurface Pros will at our option either 1) repair the failed area 2) refinish the entire fixture 3) Give a prorated refund of the original price.

The original bill must accompany any warranty work
